QUARTERLY NEWSLETTER

SUMMER 2017

Peter Schorr
President & CEO

A Note from our CEO:

Dear Retreat Family and Friends,

So much excitement happening at Retreat Premier Addiction Treatment Centers. On June 6, we celebrated our 1 year anniversary at Retreat Palm beach.

August 15th we celebrate our 6th Anniversary at Retreat at Lancaster County. It's amazing that we started 6 years ago, and have grown from 40 employees to almost 600.

Congratulations to our brothers and sisters of Retreat at Palm Beach for their recent win for "Best Large Business of the Year" award at the Central Palm Beach Chamber of Commerce Annual Gala.

I would like to congratulate the entire staff of Retreat Premier Addiction Treatment Centers for their hard work, dedication and tireless efforts to ensure Retreat is a leader in the battle to fight the disease addiction.

A huge thanks to all of our friends for their continued support.

All the best,

Peter Schorr
President/CEO

Chrissy Gariano, MA
Chief Clinical Officer

Chrissy's Corner:

At Retreat we are always striving to serve our community as best we can. When we found that many pregnant women struggled with addiction were not receiving treatment, we knew we had to get involved. At the same time a dear friend of mine had just moved back to Pennsylvania after working in a non-clinical position in Arizona. I encouraged her to tour our facility and catch up. After she met the amazing medical and nursing staff she made the decision to join our team so she could focus on patients suffering from addiction. When Dr. Dively first started, she didn't realize the lack of availability

of addiction treatment for pregnant patients. She soon realized there was a remarkable shortage of quality care. Not many places were equipped to deal with addiction and pregnancy that were occurring at the same time. Since her background and training was as an OB/GYN, she realized what brought her to Retreat. In her own words "fate intervened and I decided to start a program to care for pregnant patients." She set up a program in conjunction with several local physicians and programs to care for our patients who are pregnant and suffer from addiction and the rest is history.

So, here we are today! We accept pregnant patients up to 32 weeks for treatment of addiction to any substance. We use medications as appropriate to help with withdrawal symptoms and coordinate obstetric care to ensure women are receiving the proper prenatal care. To date, about a year since we launched our obstetric program, we have had 8 women deliver who remained sober throughout their pregnancies and were sober at the time of delivery!

November 9th: I'm Addicted & In College: Now what?

Economic Luncheon

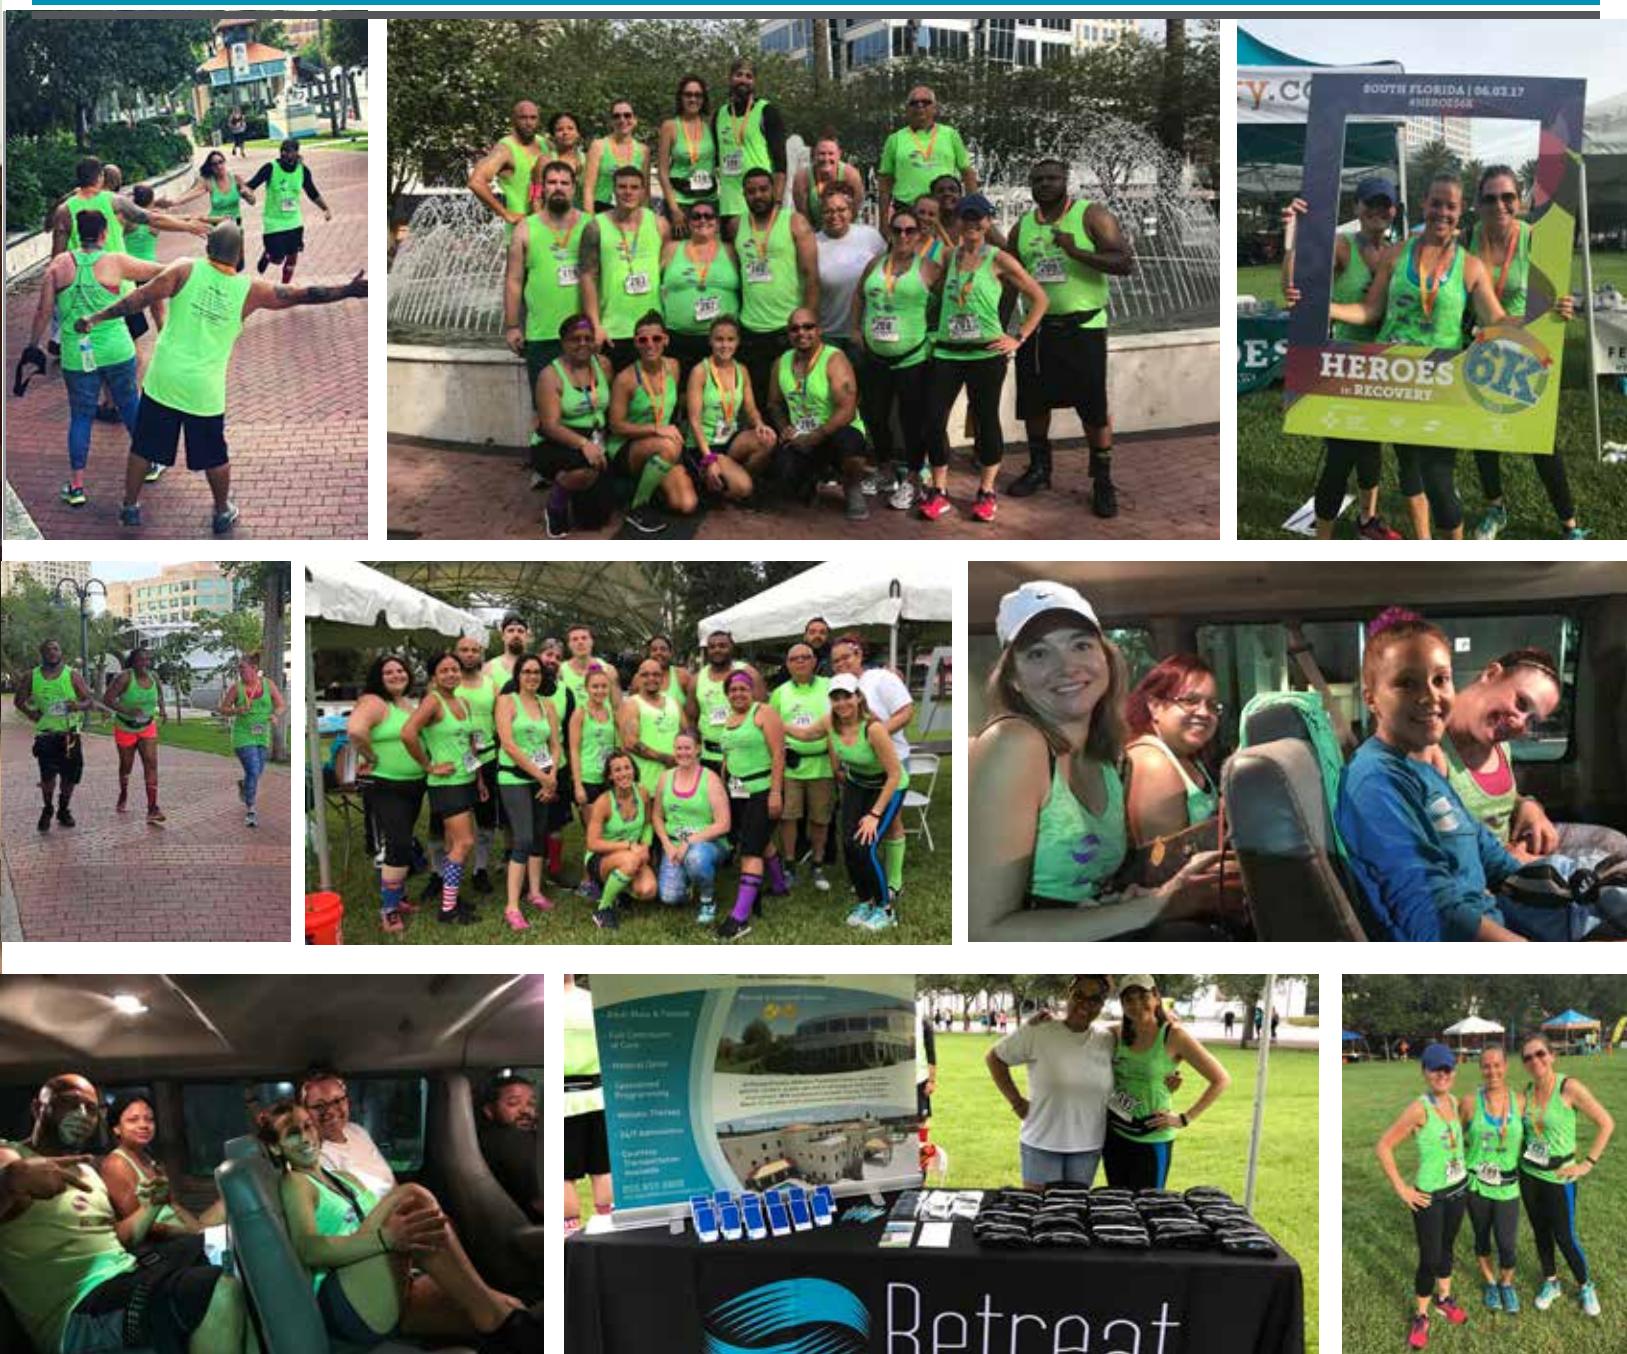

Retreat at Palm Beach partnered with the Central Palm Beach County Chamber of Commerce to discuss the Economics of Addiction and what that means to the community. Our own, Dr. Gilbert spoke to a crowded room about both the emotional and financial effects of addiction.

Retreat Heroes 6K

June 3rd 2017, Huizenga Plaza Fort Lauderdale, FL

Every year Retreaters wake up at the crack of dawn to make their way down to Fort Lauderdale for the Heroes 6K. This year was no different! With the 7:30 AM start time our team was up bright and early ready to take on the race! Each year we increase our numbers and this year was our biggest crowd! Retreat had 20 team members successfully complete the race, some first time racers, some 3rd trimester pregnant and some coming back off injuries! Great job team!

Retreat Variety Shows

Retreat staff have the ability to show off their creative side during our “Retreat Productions.” It’s a great way for staff to come together to create something extra special for the patients. Staff members work tirelessly for months prior to show time where their special skills are shown off whether it be designing the signs for each skit, singing, performing, or even MCing the big event.

Q&A with Dr. Morales, FASAM

1. How/why did you get into the Drug & Alcohol Industry

A: My background is in biochemistry. During my residency training I noticed that what my substance using patients were doing was not unlike the experiments we conducted in the pharmacology lab. My patients were engaging in dangerous and destructive behaviors. I became interested in their circumstances that led to such behaviors

2. What were you doing prior to D&A?

A: General adult psychiatry.

3. When you aren't at Retreat you are_____

A: At my office in Boca Raton

4. Why did you choose to come work for Retreat?

A: I was impressed by their leadership's heart, commitment and professionalism.

5. What's something interesting that people might not know about you:

A: Before practicing medicine I was a pharmacist and a professional musician.
