Our Services

At Retreat Behavioral Health, we offer a comprehensive mental health division known as Synergy Health Programs. Our focus is providing a serene environment to promote health and wellness.

Our industry leading professionals work closely with our patients to provide a personalized treatment plan. Our staff is comprised of mental health therapists, psychiatrists, psychologists and other health providers to ensure our patients receive a wide variety of tools to address their mental health conditions. At time of arrival to our program, a comprehensive assessment will be completed that will customize their treatment experience. We offer psychiatric and psychological evaluations as part of our services.

At our residential center, we offer nursing and clinical support 24 hours a day, 7 days a week to address the individual needs of the patient. We pride ourselves on offering treatment that instills hope and a foundation for meaningful and purposeful living.
